

PARAMEDIC SCIENCE

The Paramedic Science program at Ivy Tech Community College features clinical and practical instruction, as well as a field internship. Graduates will be equipped to work in the dynamic environment of emergency medicine in the pre-hospital setting. After completing the respective program(s), graduates will be prepared to take the National Registry Paramedic/EMT Qualifying Examination.

Already a licensed paramedic? By taking just seven general education courses (19 credits), you can earn an Associate of Applied Science degree that may transfer into many four-year degree programs.

Degrees & Certificates Offered (Evansville Campus):

Associate of Applied Science (AAS)
Technical Certificate (Paramedic Science)
Emergency Medical Technician (Course Only)
Indiana Primary Instructor Preparatory Course (Course Only)

Typical Careers:

Emergency Medical Technician (EMT)
Paramedic
Patient Care Technician (Hospital/Clinic Based)

POINTS OF PRIDE

- ▶ 100% of graduates who have completed the Paramedic Science program, and passed their National Registry Examination, have found employment in the field!
- ▶ Instructional faculty have over 200 years combined experience in Emergency Medical Service (EMS) and credentials ranging from MS to AS and professional certificates ranging from RN to EMT. All faculty are Indiana Certified EMS Primary Instructors.
- ▶ State-of-the-art classroom and laboratory facilities.
- ▶ Clinical opportunities available in all major local hospitals and EMS providers.
